Dear Ms. Piskorz:

I am pleased to help you with your February 22, 2016 Freedom of Information Act ("FOIA"). Your request was received by the Village of Bensenville on February 22, 2016. You requested copies of the items indicated below:

*"BV1600370. The car was stolen and we need this report to get the ticket off."*

After a search of Village files, the following documents are enclosed to fulfill your request:

Report Narrative **On 01/13/2016 at approximately 1500 hrs, I, Officer Driscoll #518, was delegated with performing Evidence Technician duties at [REDACTED] for a residential burglary that occurred earlier in the day.**

Upon arrival, I met with the victims, [REDACTED] m/w [REDACTED] and his wife [REDACTED] f/w [REDACTED] and requested my entry into the residence, as well as show me the entry points and the rooms that had items moved and or taken from. I was first brought to the south door behind a fence that lead into the garage from the sidewalk that brings you from the front driveway to the back patio. I observed damage to the door jamb to the outside door of the south garage. It was obvious that the bottom door handle was locked and the dead bolt was not in use. The strike plate of the door handle was on the floor of the garage, broken from the door jamb. The entrance into the residence from the garage takes you to the kitchen. There is a key hanger along the southside of the garage entrance at the residence where the key to the vehicle as well as the house were taken from.

As you walk down stairs you enter a family room where there is a bar located on the east side of the room and a large 60"(approximately) TV placed on the wall where the victims believe the subjects tried to take it. I lifted 4 possible fingerprints from the back of the right side of the television (labeled #1 Left Back of TV, #2 Left back of Tv above #1, Left back of TV along edge and #4 Left back of TV above #2 left of #3), 3 sets of four fingerprints on the rear of the right side of the television (labeled #1 Right back of tv bottom, #2 back right of TV above #1 and #3 back right of TV above #2) and removed the plastic that protects the television during transit and placed them into evidence after observing fingerprints on both the left and right. I marked the area on the plastic with arrows that identify the location of multiple fingerprints.

The room to the south of the family room which belongs to the 16 yr old son (K.P.) who had a television and a necklace removed from the room. K.P.'s brother had a necklace that was reported to be the exact same. A photo was taken of the brother's necklace. It is a silver necklace with a cross and Jesus Christ on the cross. I located fingerprints on the glass window where the necklace was removed from and lifted two latent prints (labeled left door downstairs bed and right door of downstairs). I also took possession of an HDMI cable that was plugged into the television before it was removed from the room and placed it into evidence for possible fingerprint lift.

Next, I was taken to the 14 yr old son's bedroom (J.P.) where a television and Play Station 4 was removed from the bedroom. In the Play Station was a game called "Fifa 16". Along with the PS4 was a controller. The PS4 contained the serial number of MB861275845 which was entered into LEADS as stolen by ACDC SH399, LDS/A16A0942 at 2315 hrs. Additionally, an HDMI cable was placed into evidence for possible fingerprint lift.

Further down the hallway is the room belonging to [REDACTED] where the room had been disturbed by the residents but was advised there was a mens wedding ring, mens watch, womens watch, gold necklaces, bracelets, earrings and rings were taken from the top of Norbet's dresser and the top two drawers of Beata, leaving behind other jewelry in plain sight. A photo of [REDACTED]'s wedding ring was photographed as it was described to be the same as [REDACTED] only smaller.

A series of photographs were taken with the use of two separate SD cards subsequently naming file names the same for each photo for the first 25 photos of each SD card. Those photographs were placed on a CD and entered into evidence. A printed copy remains with this report.

The following family members came to this PD and volunteered their fingerprints for elimination which were entered into evidence.:

After completion of ET duties I was informed by [REDACTED] that on a normal day a friend of their oldest son K.P. leaves his vehicle in the driveway and then proceeds to walk to Fenton High School. [REDACTED] only leaves the house twice a week to go to work, Tuesday's and Wednesday's. When the burglary happened, it happened to be after [REDACTED] left the house for a few hours. [REDACTED] found this to be suspicious.

I spoke with a neighbor from [REDACTED], Arthur Ksiezak m/w [REDACTED] and inquired about a video camera that I observed on the south west corner of the house facing n/b across his front entrance and driveway. Ksiezak was able to contact his IT expert who assisted in the exporting of approximately 4 hours worth of video surveillance from 0945 to 1330 hrs. A copy of the files were placed onto a DVD which was later placed into evidence. A second copy remains with the file.

I spoke with a neighbor from [REDACTED], Tracy L Santagata f/w [REDACTED], who stated in summary that she observed an older model silver or gray four door sedan parked across the street facing s/b (on the west side of the street) with a subject wearing a hat or hoody in the driver seat at 1130 hrs. At 1155 hrs she left her residence and traveled s/b and observed the victims garage to be opened and empty which she found to be out of place. Santagata could not give any further description of the subject(s) or the vehicle. I presented Santagata a photo of a vehicle that was pulled from a different residential burglary earlier in the day and she advised that could be the vehicle.

On the video I observed on 01/13/16 at approximately 1215 hrs (reported to be 10 minutes fast) a silver or gray 4 door sedan parked in front of [REDACTED] facing s/b parked on the west side of the street. The driver of the vehicle exited the vehicle wearing a puffy blue and white coat with a hood and began walking n/b on Henderson St. approximately 3 houses on the east side of the street and walked toward the house on the driveway. After the driver exited the vehicle a passenger, wearing dark clothing, from the rear driver side exited the vehicle and sat in the driver's seat of the vehicle. Both suspects appear to be m/b. At 1217 hrs (according to video) came back down the drive way and walked s/b along the sidewalk on Henderson St. At 1218 hrs (according to video) the subject walking s/b exits the video frame after walking toward the victims house. At 1220 hrs the suspect vehicle moved s/b along Henderson St until it leaves the camera view. At 1221 hrs, the vehicle travels back s/b on Henderson St from e/b Grove Ave and when nearing the victim's house slowed down. Nothing further on the video was viewed in reference to the suspects.

On 01/18/16, I received photos from the victim, [REDACTED], which consist of items that were stolen from her. Some are pictures of the actual item, while others are photos from the store that represent the items that were stolen. See property section for details, photos remain in the working folder.
