As many of us work from home and do our part in social distancing, join us in the Bensenville #TakeOutChallenge to support the local restaurants during these uncertain times. Many Bensenville establishments have confirmed with the Village that they plan to modify their business plan for the next few weeks to remain open in some capacity offering drive-thru, carryout, curbside, or delivery options to patrons. Though their doors are closed for dining in, let's open our hearts to help our industry by ordering to-go from the Village's many great restaurants. Please note that our restaurants may have modified hours and menu offerings during the mandate. We encourage you to check their social media pages, websites, or call them directly to learn more about their operations for the next several days and weeks.
