Given under my hand and Notarial Seal this _____ day of _____, 20_____.

Notary Public

Coop License Worksheet

The following tips will help you complete the Coop License Application. Entries correspond to the numbers on the application.

1. and 2. Address and Contact Information and Owner Information

This should be the address/contact information for you, the applicant. If you are also the property owner, check the box and skip number 2. *Owner Information*. If you are not the property owner, you must provide owner contact information. You must also obtain permission from the owner. See the 'Owner Authorization Form' on the back of the application.

3. Property Information

- The parcel identification or PIN number can be found on your property tax record. You can also find this by using the DuPage County's online map tool.
- Current land use describes the way the land is used. For example, the land use could be single-family residential.
- Lot dimensions are the measurement of each side of the lot.
- For existing structures, calculate the square footage of each building on the lot.

4. Department of Agriculture Registration

All applicants must complete a free registration with the Illinois Department of Agriculture. This is to ensure that the Department of Agriculture can contact you in case of an animal emergency or disease outbreak. This form can be completed online at www.agr.state.il.us/premiseid/.

- Each registrant must have a "business/farm" name. This is simply a title to identify your premises. For example, Smith Farm or John Street Chickens.
- For 'Business Type,' select "Individual."
- For 'Operation Type,' select "Producer Unit/Farm."
- For 'Premises name/description,' type "home place."
- For 'Species at Premises,' select "Poultry."

5. Restrictive Covenants

Restrictive covenants are placed on the deed of the property. This can be found in the property deed or an attached document that lists the restrictions. Many residential developments have restrictive covenants. If you live in a neighborhood with a Homeowner's Association contact the association to learn about covenants on your lot.

6. Municipal Code Violations

If you have active municipal code violations involving your property, a Coop License will not be issued to you.

7. Coop and Run Checklist

Minimum floor space of the coop and run is established in the ordinance. The size of the coop and run will determine the maximum number of hens allowed.

Attachments:

A. Site Plan

The site plan should include the following:

- Drawing should be to scale.
- Lot dimensions.
- Location of existing structures on the site.
- Proposed coop and run location with setback distances from property lines.
- Distance from the coop and run to adjacent homes.

B. Coop Plan with Dimensions

- This should include the floor plan of the coop with dimensions. The plan should indicate the location of openings, such as windows and doors.
- The plan should include the location and dimensions of the run.

C. Architectural Elevation/Perspective Drawings

- Drawings and images should indicate height of the coop and run.
- If the coop is from a stock plan or is pre-fabricated, photographs can take the place of drawings.

Coop License Worksheet

A large rectangular area filled with a fine grid pattern, intended for writing or drawing.
