

MinorBlues

Pre-Hockey Program

One Goal - One Kid at a Time

Fall League **2023**

Scope

Ages 4-12. Pre-Hockey/Learn to Skate classes are structured so your child will have the opportunity to learn the basics of hockey from experienced professional instructors in an atmosphere that is relaxed, non-competitive and fun. No skating or hockey experience is needed. Classes concentrate on skating basics and confidence building. Our program prides itself on the quality of the coaching staff. We make it a priority to train our coaches to ensure your child receives the best instruction available. Upon completion of our program, we aim to have your child prepared to join a team. Evaluation will take place on the final class to determine if your child should return or move up to Developmental League.

Philosophy

Fun and skills make up the foundation of our program. Players develop at different rates and we believe every player has the potential to maximize his/her playing experience through a perfect balance of fun, games, and skills training. Our coaching staff will follow the Long Term Athletic Development Model guidelines. Our goal is to provide a fun, family-based environment for each child to develop self-confidence, meet new friends, and develop a life-long interest in hockey.

Facility

The Edge Ice Arena is owned and operated by the Village of Bensenville. We pride ourselves on providing a clean, safe and well-maintained family friendly facility.

735 East Jefferson Street, Bensenville, IL 60106
545 John Street, Bensenville, IL 60106

Equipment

Our classes are instructional in nature and we do not require full equipment; however, it is recommended. We do require a HECC approved hockey helmet with face-mask, elbow pads, shin pads, hockey gloves, jersey and hockey stick. Rental skates are available to rent but we recommend purchasing a correctly sized, quality skate to benefit the skater.

Registration & Session Schedule

Wednesdays **Saturdays**
