Fenton High School - Community Room

Heroin addiction and related deaths are increasing to epidemic levels, with usage trajectories spanning all ages, races and socio-economic backgrounds.

Wood Dale Chief Vesta and Bensenville Chief Kosman will be facilitating the evening regarding the “Fenton Communities” and give an update with what is currently happening in our towns.

Speakers will include Dr. Richard Jorgensen, DuPage County Coroner, Mr. Mark Piccoli, Dupage Metropolitan Enforcement Group Director, who will speak about the current overall problem in DuPage County. Ms. Jenifer Downs Sandack, Edward-Elmhurst Supervisor of Outpatient Addiction Services, will speak about treatment and services available for individuals and families.

Program is free and open to the public.
