

Help when you **need** it most.

Don't let the front door stand
between you and first responders
in an emergency.

Take advantage of the **Residential Key Box Program** for residents of the Village of Bensenville. Your entry key stored inside allows firefighters and paramedics to enter your home without the need for forcible entry.

This program is available only to residents of the Village of Bensenville who have a debilitating medical condition that limits their mobility. People with medical call buttons are also eligible.

A limited supply of key boxes are available. If you or someone you know needs a residential key box, call the Bensenville Community and Economic Development Department at **630-350-3413**.
