

Over the past two years, the Bensenville community has demonstrated our strength, working together to overcome the challenges brought on by the pandemic. Together, we brought our students back to the classroom, kept businesses open, and most importantly, we worked to keep our friends, family, and neighbors safe. All the elected leaders and taxing bodies are deeply proud of your contributions in navigating this pandemic and appreciate your continued efforts.

As COVID-19 positivity remains at high levels in DuPage County and throughout the state, we need your help to continue combating this pandemic. With the public's health and safety front of mind, we will be hosting a free Pfizer vaccination and booster event for the Bensenville community at **Fenton High School on Saturday, January 8<sup>th</sup> from 9-11 a.m.** Participants can enter through door #1 and should bring their vaccine card from previous doses. First, second and booster shots will be available. Please bring your insurance card if applicable.

To sign up, visit <https://forms.gle/ZtcbdGYh1z6X3udBA> and use code **6200**. For any other information regarding this weekend's event, please contact [fentonhelp@fenton100.org](mailto:fentonhelp@fenton100.org). If you are unable to attend but wish to be vaccinated, please visit <https://www.vaccines.gov>.

Thank you to all that have demonstrated your commitment to this great community. As we navigate through 2022, we will continue to keep residents informed and take the necessary actions to protect our community. It is our hope that by working together, we will remain Bensenville Strong in the new year.

If you have questions regarding individual programming, please check the appropriate website for additional information.
