Five Free Home COVID Tests Available to Bensenville Residents

Bensenville, IL – The Illinois Department of Public Health (IDPH) has made a limited number of free, rapid COVID-19 self-administered test kits to Bensenville residents. IDPH announced the availability of 225,000 free, rapid COVID-19 self-administered test kits through Project Access COVID Tests (Project ACT) to residents in certain zip codes in 14 Illinois counties. Bensenville is one of the selected zip codes and we encourage residents to take advantage of this opportunity.

To sign up for free home delivery, go to AccessCovidTests.org.

In this initial phase, there is a limit of one kit per household and each kit will include five tests. The tests and shipping are free to Bensenville residents. Testing is still a critical component for slowing the transmission of COVID-19 and helping prevent further infections.

###

About Bensenville: Bensenville is conveniently located just 20 miles west of downtown Chicago in DuPage County, adjacent to O'Hare International Airport, surrounded by major expressways, and boasts several public transportation options including a Metra commuter station. With plenty to offer both families and businesses like brand new schools, great parks, and special events year round, Bensenville really is the "Gateway to Opportunity."
